

HIPPO FOR MOBILITY

Imagine walking through a facility or job site and realizing a light bulb needs replacing. You could open your notepad, or try and remember adding it to your to-do list, but there is a better way.

Using HippoHH (Hand Held) you can submit a new work order instantly. This is the power and flexibility of HippoFM software in conjunction with the mobility application. Organize schedules and route your days while saving time and money. That's the power of HippoFM.

Download Work Orders Globally

With HippoHH download your work orders from anywhere in the world through WI-FI, GSM, and USB connectivity. Whether en-route or on site, have direct access to your information and instantly update relevant data.

Improve Efficiency

With HippoHH eliminate redundant time spent travelling back and forth between work sites. Better plan maintenance routes to minimize travelling expenses, and improve productivity by completing more jobs in the same amount of time!

Workforce Mobility

Mobilize your workforce! Increase the accuracy of information flowing back to team members, instantly update all departments, and communicate with vendors with the touch of a button.

Achieving a Paperless Environment

Adding HippoHH to your HippoFM core software finalizes your goal to become 100% paperless. Reduce your organizations paper and printing expenses by eliminating the need to keep paper documents in storage.
